PRESENTATION BY THE PARKS DEPARTMENT
REGARDING GREENTHINK: THE MIAMI-DADE
COUNTY OPEN SPACE MASTER PLAN (POWER POINT
PRESENTATION) [SEE AGENDA ITEM NO. 7A]

Presented

Report: *Assistant County Manager Alex Munoz read the foregoing proposed report into the record.*

Mr. Jack Kardys, Park and Recreation Department (MDPR) Director, noted the Miami-Dade County Open Space Master Plan was being updated and provided the intent of the plan. Mr. Kardys noted that MDPR staff had been working with a consultant for the past year and a half to update the plan.

Ms. Maria Nardi, MDPR Park and Park Planning Systems Planning Section Supervisor, gave a PowerPoint presentation entitled "Green think-The Miami-Dade County Parks and Open Space Master Plan." She provided statistical data on projected population growth in Florida and in Miami-Dade County. Ms. Nardi noted levels of service would be increasingly difficult to meet due to increasing population growth and insufficient land area. She further noted that a more livable South Florida could be created if these issues were addressed using a parks system master plan with the following layers: great parks, great public spaces, great natural and cultural areas, great greenways and blueways, and great streets. Ms. Nardi also noted that the governments of Denmark and the cities of Boulder, Colorado; Chattanooga, Tennessee; Seattle, Washington; and Chicago, Illinois had applied some of these layers.

Vice Chairman Moss asked Mr. Kardys to incorporate in the Miami-Dade County Parks and Open Space System Master Plan, the potential for MDPR to partner with the Miami Dade County Public Schools to provide infrastructure that would make schools' green spaces more park-like and to provide staff for programs on green spaces.

Vice Chairman Moss discussed the proposed transfer of the Community Image Office staff from the County Manager's Office to the Public Works Department. He noted he felt the Community Image program would be more effective and receive more attention from the County Manager if it were in the County Manager's Office.

Recreation & Cultural Affairs Committee

CLERK'S SUMMARY OF

Meeting Minutes

Monday, September 10, 2007

Commissioner Sorenson noted that if the Community Image Office was not a standalone office then it would be more appropriate to make it a part of the Department of Planning and Zoning (DP&Z) or MDPR. She noted she hoped the effort was closely coordinated with DP&Z and expressed support for Vice Chairman Moss' ideas for MDPR to partner with schools.

In response to Vice Chairman Moss's question as to whether this Committee had identified its budget priorities, Chairman Souto noted that around August 27, 2007 he forwarded to each Committee member a summary memorandum with all items that the Committee had identified, according to the Board of County Commissioners (BCC) Chair's instructions.

The Committee scheduled a workshop to be held on September 14, 2007 at 9 a.m. to discuss and vote on the Committee's budget priorities.

Vice Chairman Moss noted it was important to complete discussion and voting on September 14th because the first Budget Conference Committee meeting was also scheduled for the 14th in the afternoon.

072625 Discussion Item

JACKSON MEMORIAL HOSPITAL PROVIDING HEALTH CARE FAIRS AT COUNTY PARKS AND LIBRARIES WITH MOBILE OFFICE UNITS

Presented

Report: *Assistant County Attorney Wilfredo Ferrer read the foregoing discussion item into the record.*

Chairman Souto noted the success of Jackson Memorial Hospital mobile office units program and spoke in support of holding health care fairs at libraries and parks.

Ms. Maggie Perez, Jackson Health System Local Affairs Coordinator, noted that mobile units made stops throughout the community throughout the week and asked Commissioners to contact Jackson if they would like mobile units to stop in their districts. She further noted that health fairs at libraries and parks would have to be held on weekends, which would incur overtime costs.

In response to Commissioner Edmonson's question regarding Chairman Souto's intent regarding this discussion item, Chairman Souto noted the idea was for Commissioners to hold fairs in their districts so that people could get medical information and aid. He suggested that private companies be solicited to help promote the fairs, but noted that Jackson should be the guiding force that oversaw the community's health.

Commissioner Edmonson suggested other vendors be invited to participate at the parks.

In response to Commissioner Edmonson's suggestion to have vendors other than Jackson at the fairs, Chairman Souto noted the fairs had to be public-private efforts and asked that Jackson contact private companies to get them involved in the efforts.

Commissioner Edmonson asked Ms. Perez to meet with her to discuss the possibility of making Jackson's mobile office units available at Commissioner Edmonson's upcoming events.

Commissioner Jordan asked staff to submit a report for the Committee's review detailing the feasibility of forming public-private partnerships to sponsor health fairs and similar events at the County's parks and libraries.

072688 Discussion Item**DISCUSSION ON THE MIAMI INTERNATIONAL
AGRITECH & LIVESTOCK EXPO*****Presented***

Report: *Assistant County Attorney Wilfredo Ferrer read the foregoing discussion item into the record.*

Miami-Dade Park and Recreation Department (MDPR) Director Jack Kardys gave a report on the Miami International Agritech & Livestock Expo. He noted the expo was being developed in response to an April 25, 2006 Board of County Commissioners resolution, and was scheduled for May, 2008. Mr. Kardys noted the benefits of this expo, including commercial and tourism opportunities. He further noted economic benefits to Miami-Dade County, and specifically, to Tropical Park's Ronald Reagan Equestrian Center. Mr. Kardys noted aspects of project implementation, including a marketing campaign; the development of a website and a steering committee; and procurement of sponsors, grants, and a contract for event production. Mr. Kardys added that MDPR would be issuing a Request for Qualifications (RFQ) in order to look ahead to the 2009 show.

MOUNTED POLICE PATROL AT RONALD REGAN
EQUESTRIAN CENTER

Presented

Report: *Assistant County Attorney Wilfredo Ferrer read the foregoing discussion item into the record.*

Chairman Souto noted he was concerned that approximately \$72,000 in rent was being paid every year to house MDPD's horses at a farm in horse country when 20 stalls at the Ronald Reagan Equestrian Center in Tropical Park had been unoccupied for a year or more. He noted that if the stalls were occupied, there would be added protection for the park and rent would not have to be paid. He noted the park needed as much police protection as possible, particularly because of activities being held at the park. He also suggested that MDPD develop a youth sailing program. Chairman Souto expressed concern that MDPD had as few horses as they did.

Assistant County Manager Alex Munoz noted that a written report was scheduled to go before the Budget and Finance Committee.

Mr. J.D. Patterson, Assistant Director, Support Services, Miami-Dade Police Department (MDPD), addressed Chairman Souto's concerns. He noted MDPD was leasing because the department had concerns about the Tropical Park. Mr. Patterson noted he was willing to meet with the Miami-Dade Park and Recreation Department (MDPR) director to assess and evaluate the Tropical Park facility, and report back to the Committee.

In response to Chairman Souto's request for clarification of MDPD's concerns about the Tropical Park facility, Mr. Patterson noted activity during the annual Santa's Enchanted Forest event may have adverse effects on the Department's animals and staff or threaten their security.

Chairman Souto asked that MDPD resolve this issue, which he noted had been on-going, and noted that MDPR and MDPD needed to work together. Chairman Souto noted he wanted to bring the best available equipment to MDPD, but he couldn't if MDPD was paying so much rent. He noted there had been problems with the fair there for many years, but that was another reason there

should be more police at the park. He expressed concern that \$250,000 extra was being spent to protect Tropical Park from predators.

In response to Commissioner Edmonson's inquiry as to the cost for maintaining eight horses, Mr. Patterson noted he could check on the cost, but that rent for eight horses was \$60,000 to \$70,000 per year. Mr. Patterson also noted that MDPD patrolled Tropical Park three times per week. He noted he believed there was funding in the General Obligation Bond for the rebuilding or design of a new facility. He noted MDPR needed to look at options and exercise the best one.

Chairman Souto noted this issue needed to be addressed.

072690 Discussion Item

DISCUSSION RE: ADA COMPLIANCE OF PARKS IN
MIAMI-DADE COUNTY*Presented*

Report: *Mr. Denny Wood, 15000 S.W. 92 Avenue,
president of the Florida Paraplegic Association,
appeared before the Board.*

*Mr. Wood expressed concern with the building of
parks by Miami-Dade Park and Recreation
Department (MDPR). He further noted that the
disabled had not been considered in the
construction of Briar Bay Park near his home, and
that he had distributed an illustration of this to
Committee members. Mr. Wood noted projects on
today's (9/10) agenda needed to go through the
Miami-Dade Office of ADA Coordination for
review, be overseen by the Miami-Dade
Commission on Disability Issues (CODI), and he
had submitted to Commissioner Edmonson a
proposal for an ordinance to establish a special
unit in the Miami-Dade County Building
Department that would review all plans for strict
compliance with federal and State disability laws.
Mr. Wood expressed concern regarding the review
of transition plans for park facilities.*

*In response to Commissioner Edmonson's
question regarding whether county parks had to
be ADA (Americans with Disabilities Act)
compliant, MDPR Director Jack Kardys noted
MDPR never intended to exclude accessibility
features from the parks or to create barriers. He
noted MDPR was in the process of updating its
transition plan.*

*Commissioner Edmonson asked Mr. Kardys to
address ADA compliance issues at Briar Bay
Park.*

*Commissioner Edmonson asked Assistant County
Manager Alex Munoz and Mr. Kardys to meet with
her to discuss the issues involving the parks' ADA
compliance.*

*Commissioner Sorenson noted her staff was
working with MDPR to address these issues raised
by Mr. Wood.*

regarding whether Committee members could

order address their concerns, Mr. Kardys noted the Transition Plan Update was part of the Department's process; however, he would check with staff.

Commissioner Jordan asked Assistant County Attorney Wilfredo Ferrer to investigate whether a process was in place for the ADA office to review and approve parks projects for compliance.

Chairman Souto asked Mr. Kardys to place a barrier between the Snapper Creek Canal and the adjacent linear park to the north of the canal at Snapper Creek Road between S.W. 112th and 107th Avenues.

Commissioner Sorenson identified accessibility issues raised by Mr. Wood which were being addressed.

Commissioner Rolle noted MDPH was very responsible and attentive to concerns which were presented to them.

Mr. Wood noted he believed if structural inadequacies in the county's government were fixed, the parks could be built and modified correctly. He provided an example of a project, noting if the project had been submitted to the Office of ADA Coordination and CODI, these agencies would have offered suggestions.

Vice Chairman Moss noted he thought everyone understood Mr. Wood's point.

Hearing no other discussion, the Committee proceeded with the agenda.

Report: *Assistant County Attorney Wilfredo Ferrer read the foregoing proposed resolution into the record.*

In response to Commissioner Edmonson's request for clarification regarding the 12 to 14 month period noted in this resolution, Assistant County Manager Alex Munoz noted that if the contract were to be renewed, it would have to be re-advertised, which would delay park trail improvements by 12 to 14 months.

Responding to Commissioner Edmonson's concern that the use of in-house staff could save more money, Mr. Jack Kardys, Park and Recreation Department (MDPR) Director, noted there was no capacity to perform certain work items in-house, so they would be contracted out.

There being no further discussion, the Committee proceeded to vote on the foregoing proposed resolution.

In response to Commissioner Edmonson's inquiry regarding the firms used on this contract, Mr. Jack Kardys, Miami-Dade Park and Recreation Department (MDPR) Director noted the County Attorney's Office was proceeding with litigation to collect on damages which had resulted from the default of the previous firm. Assistant County Manager Munoz noted the previous firm's performance declined following the death of the engineer of record.

Commissioner Edmonson asked Mr. Kardys to identify the contractor who allegedly buried underground electrical lines improperly and to initiate efforts to recoup some of the costs incurred by the County from the contractor.

In response to Commissioner Jordan's question regarding environmental findings, Ms. Maggie Tawil, MDPR Design and Development Division Chief, provided an explanation of the environmental issues regarding this project. Mr. Kardys noted one measure being taken to prevent these issues in the future was a requirement that 5 borings be taken at sites with buildings to gain a broader understanding of the soil profiles.
